Dear Mr Shekleton

**Re: Visit by Students from the University of Birmingham**

I write to thank you for hosting the group of postgraduate students undertaking Road Transportation Engineering course at the University of Birmingham that visited Metro Metals recycling facility on 8<sup>th</sup> of June 2007. The feedback from the students was very good and they felt that the information obtained regarding vehicle recycling has provided a further dimension for them to consider in their future professional careers.

The visit was part of a series of activities aimed at exposing students to some of the practical aspects of the discipline. It is anticipated that this series of activities will be conducted annually and, as such, I look forward to your continued cooperation next year.

Once again, many thanks for your support.

Yours sincerely

**Dr Jennaro B Odoki**  
Senior Lecturer  
Convener of MSc Programmes in Road Management and Engineering and  
Roads and Public Policy
